

Digital Yacht NMEA to Wireless products get your iPhone or tablet connected to the boat's navigation system

Oct 07, 2020 13:59 BST

'Appy Christmas from Digital Yacht

Christmas Gift Ideas from Digital Yacht

Digital Yacht have come up with a neat gift idea to make sure every boater has an 'Appy Christmas!

Their NMEA to WiFi servers take the boat's NMEA information like AIS, GPS and instrument data and make it available for navigation and charting apps on smart phones, tablets and iPads.

The globally popular Navionics Boating app now supports AIS, position and depth overlays turning the mobile device into a real time, full function chart plotter. Readers can save 20% too online at www.digitalyacht.co.uk using voucher code AAPYXMAS or via selected retailers. Prices from £125

DIGITAL YACHT 2020 IS ALL ABOUT NEXT GENERATION NAVIGATION, COMMUNICATION AND ENTERTAINMENT SYSTEMS FOR YOUR BOAT. BOATING SHOULD BE FUN, SAFE AND EASY AND OUR PRODUCTS INTEGRATE INTO EXISTING AND NEW BOAT NETWORKS TO BRING A POWERFUL DIMENSION TO YOUR ON-BOARD ELECTRONICS.
